January 3, 2023

The Town of Oregon is entering into contract negotiations with Pellitteri Waste Systems for curbside weekly collection of residential garbage and every other week collection of recycling. The contract will cover all Town of Oregon residences beginning July 1, 2023, regardless of current method you use for garbage and recycling disposal. The collection service will cost under \$14.00 a month per residence and will be billed annually as a special charge on the property tax bill. You will not have to make monthly payments.

The Town of Oregon Recycling Center (TORC) will continue to provide garbage and recycling services through June 30, 2023. The TORC hours will change to Saturdays 7:30am – 1:00pm starting December 24, 2022. *Please check the town website <https://town.oregon.wi.us/> for current pricing and open hours as google searches may have inaccurate information.*

With garbage and recycling collection service under \$14.00 per month, every household in our community will have cost-effective, reliable waste disposal and recycling services. In addition, the TORC will not close completely. Starting July 1, 2023, the TORC will continue to be open for brush disposal and other services not covered by curbside garbage and recycling collection.

You will be provided with updates as we proceed to curbside services. Information will also be posted on the Town of Oregon's website <https://town.oregon.wi.us/>. If you currently have curbside pickup of garbage and recycling, please review your service agreement and payment schedule to ensure services will not overlap. Detailed information will be provided in spring.

If you have any immediate questions, please feel free to reach out.
